With some basic information we can give you an estimate for the padding including shipping. We need the following information:

1. The length of each wall to be covered:

Wall 1	_____	Wall 2	_____
Wall 3	_____	Wall 4	_____
Wall 5	_____	Wall 6	_____
Wall 7	_____	Wall 8	_____

2. The height of the wall pads. Standard sizes are 5, 6, and 7' high but any custom size can be made _____

3. How many cutouts are needed for outlets, switches vents? All cutouts are done at the factory. _____

4. Do you want digital graphics? If yes how many 2' wide pads would you like graphics on? _____

5. Do you need any round or square post pads, or I beam pads needed? Measurements are required for these, please use the appropriate how to measure page. _____

6. Are there any corner pads that are needed? We need the inside measurement of each side of corner _____

7. Our standard wall mat has FR 16oz vinyl and 2" CAL117B foam and will meet most local fire codes. _____

7A. Do you need ASTM E84 Class A Fire Rated wall padding? Please check with your local fire officials to see if this is required. _____

8. Installation is available throughout New England, New York City, Long Island and Northern New Jersey. Do you need installation? _____

9. Do you need Z-Channel for installation? _____

10. Please attach pictures of area(s) to be covered for accuracy.

-Wall padding is manufactured and shipped directly to you by truck. Allow approximately 5 - 6 weeks for delivery from the time of final approval. This may change during peak times. At time of delivery someone must be available to meet the truck, remove the mats and bring them inside. The truck driver is not obligated to help. The truck driver is only responsible for moving the pads to the end of the trailer. You will be responsible for removing the pads from the truck, checking them over for damage and bringing them inside. You must check carefully for damage and note it on the bill of lading before the driver leaves. Any damage reported after the driver leaves will not be covered.

-Pads being installed by Full Circle will be shipped to our warehouse and delivered by us at the time of installation.

-If Full Circle is installing the padding a representative will come to the facility to do the actual measurements. Measuring charges may apply. (Installation only available in New England, New York City, and northern New Jersey.)

If you have any questions please call us at 1-800-875-7780 or email Colin@fullcirclepadding.com
