Accessories & Freeweight Parts

We’ve got you covered!

www.FullCirclePadding.com
1-800-875-7780
For over 30 years Full Circle Padding, Inc. has proudly offered quality products and services to our customers. We greatly appreciate your support and look forward to working with you for years to come.

Our website, www.FullCirclePadding.com, is a valuable tool for our customers. You can create an account, order pads, parts or accessories online, check prices or simply view and print out our catalog. As always, equipment padding continues to be our specialty. On-site upholstery is available in the Northeast and pads are available to be shipped throughout the US and the world. Our selection of replacement pads available for purchase online has expanded greatly since the website began and is constantly updated to include new manufacturers.

We are very excited about the additions and improvements we continue to make to our catalog and our website. We strive to make ordering fast and easy for all our valuable customers. Our new website has even more features to make ordering even faster and easier. Such as our new Custom Cable Builder, chose your cable and ends, put in the length and your ready to order. As always if you cannot find something you are looking for or if you have any questions or comments please give us a call. We would love to hear from you.

Sincerely,
Chuck and Colin Rogers and the Entire Full Circle Team!

DETECTO 400 LB BEAM SCALE
The Detecto scale is the scale you see in most doctor offices, health clubs, hospitals and other facilities. The Clinical Scale is a balance beam scale that weighs up to 400 lbs. in 4 oz. increments. It’s roomy platform is 10.5” x 14.5”.

A. 0CRD100WHT-DS With height rod .......................... $288.21
B. 0CRD108WHT-DS Without height rod .......................... $252.63

C. DETECTO 350 LB EYE LEVEL BEAM SCALE
The low profile, Detecto Eye Level Scale is a great design for a doctor’s office, health club or other facility. As a standard balance beam scale, the Detecto can weigh up to 350 lbs. in 1 lb. increments. It features a large, easy-to-read 7” dial and adjustable scroll to set the zero point and balance. Its compact, slip-resistant platform is 10.6” x 10.6”, so it fits well in small spaces.

0CRD138-DS .................................................. $241.10

D. HEALTH O METER DIAL SCALE
This scale by Health O Meter gives a precise and accurate weight measurement with no batteries to replace. The heavy duty steel base features an extra large platform with a non-skip texture. 8” diameter easy to read dial with large numbers. 1 year limited warranty.

EQHLM160KL-DS ............................................ $98.13

E. MINI CALORIE PEDOMETER
Track distance in miles or kilometers while walking or jogging. Functions include: a step and lap counter, stopwatch function, real time clock setting and calorie counter that allows user to input their wait for a more accurate reading. The protective clamshell case is lightweight and clips to waist band or belt. Replaceable battery included.

EQPED-DS .................................................. $14.93

F. HEART START ONSITE DEFIBRILLATOR
This defibrillator is designed for the ordinary person with minimal training. It is safe, reliable and effective. It performs self-tests on its battery, pads and internal circuits to ensure readiness. Clear natural voice instructions guide you through the process including CPR. Battery powered by a long life (four year) battery. Ships direct from manufacturer.

Safe: Designed so it is virtually impossible to “shock” someone who is not in SCA.
Reliable: Performs self-tests, daily, weekly and monthly.
Effective: Delivers low-energy biphasic therapy, highly effective defibrillation waveform that is gentle on the heart.

EQPLPM5066A-DS .............................................. $1286.40

G. HEART START ONSITE DEFIBRILLATOR BATTERY
The battery’s shelf life is typically four years, and the “install by” date is printed on the battery for easy reference. Use of HeartStart, it’s training cartridges, additional battery insertion tests or exposure to harsh environments may shorten the battery life. One per package, no recharging needed. Ships direct from manufacturer.

EQPLPM5070A-DS .............................................. $159.12
# BALLS & BALL RACKS

## A. ANTI-BURST FITNESS BALL
Stability balls help to improve alignment, stability and strength. Also great for yoga, stress relief and stretching. The weight of the person using the ball with any weights, dumbbells or barbells being used should not exceed 600 lbs of weight. To determine ball size you should be able to sit on the ball with your hips and knees forming a 90 degree angle.

- **0BALL55AB** 55 cm Green 4 lbs  $12.95
- **0BALL65AB** 65 cm Yellow 4 lbs  $13.95

## D. POWER SYSTEMS 8 BALL RACK
Free-standing stability ball racks keeps your exercise area safe and organized. Rack will hold 8 stability balls from 45 cm to 85 cm. Also referred to as stability ball trees, these ball holders are designed so they can be placed on the corner and out-of-the-way and the base is wide and sturdy so it does not topple over. Lightweight and sturdy. Hard PVC tubing. Grey with black. Assembly required.

- **092478L1-DS** 8 Ball Rack  $152.55
- **092478L2-DS** 8 Ball Rack with casters  $173.56

## E. POWER SYSTEMS STABILITY BALL WALL STORAGE RACK
Keep your stability balls off the floor when not in use. Holds up to 4 stability balls. Wall-mounted design provides easy access. Hard PVC tubing with cable wall attachments.

- **092579-DS**  $65.19

## F. POWER SYSTEMS ELITE STABILITY BALL WALL STORAGE RACK
Add an attractive design to your facility with this NEW all metal hanging ball rack. Holds up to 4 stability balls. Assembly required. Mounting hardware not included. 99” long

- **092478-DS**  $166.00

## G. POWER SYSTEMS BALL BASE
Stability balls (also often called exercise balls or Olympic core balls) are a great way to improve your strength, cardio endurance, and balance. By performing basic exercises like push-ups, squats, planks, lunges, and roll-outs on the unstable surface of the exercise ball, your muscles get more bang for their buck. Adding a Power Systems Ball Base provides a bit more stability to the exercise ball for beginners, but also extends the possible uses of the product. Ships direct from manufacturer.

- **080605-DS** - Small Base  $22.76
- **080610-DS** - Large Base  $27.93

Order online: www.FullCirclePadding.com or call us 1-800-875-7780
A. SLAM BALLS

These are heavy duty sand filled balls that can be used for a variety of exercises. Slam Balls are designed with a tough rubber shell and filled with air and sand to create a no-bounce medicine ball which are thrown at the wall or floor. This ball has no bounce and will rest on the floor when slammed, reducing injuries. An improved texture also give you better grip when handling the slam ball. Available from 10 lbs. to 30 lbs in 5 lb increments.

B. POWER SYSTEMS PREMIUM SLAM BALLS

These completely rubberized slam ball are built to take a real beating and built to last. Smaller than the Mega Slam Ball this quality no-bounce, no-roll ball has been specifically designed for high-impact throwing and slamming training ball exercises.

C. POWER SYSTEMS MEGA SLAM BALLS

This no-bounce, no-roll slam ball is specifically designed for high-impact throwing and slamming to the ground. This ball is a must-have to any cross-training regimen. You can use in place of a standard medicine ball to perform traditional core exercises or pass back and forth with a partner. The rugged, textured surface provides superior grip, handling and long life.

D. WALL BALL

Overstuffed to maintain shape and softness, these balls can be thrown and caught at high speeds with peace of mind. All wall balls come in the same diameter of 14", progress with weight only while practicing various exercises that will help you excel in any sport or competition. Wall balls are triple stitched and provide a thicker textured shell for a better grip when compared to traditional PVC shells. 

E. POWER SYSTEMS CORBALL PLUS MEDICINE BALLS

Medicine balls with dual hand grips combine an Elite Power Med-ball with a Power Grip-Ball for more functional, diverse training. Ideal for abdominal training, rotational movements, and strength training. The Plus offers solid molded handles with plastic textured grips for a more secure, comfortable hold and greater durability under intense training conditions.

F. POWER SYSTEMS SOFT TOUCH MED BALL

Add resistance to a variety of exercises, or use in rehabilitation. Medicine ball fits in the palm of the hand allowing you to move freely through a full range of motion during exercise. Perform a wide range of upper- and lower-body exercises including crunches, rotational twists, and leg raises. Durable outer shell made of pliable PVC contains filler. Balls do not bounce and are not intended for throwing. Color coded by weight; colors may vary. 5-1/2" diam. (1 lb. to 5 lbs. balls); 6-1/2" diam. (6 lbs. to 10 lb. balls).

B. POWER SYSTEMS MYO-RELEASE BALL
Firm and solid, these lightweight, uncrushable myofascial release balls keep their shape and do not absorb moisture or bacteria. Made of heat-sealed, closed-cell EVA foam. Use the Myo-Release Ball™ in myofascial release exercises and movements to assist in equalizing muscle tension throughout the body. The different sized balls allow you to treat trigger points based on their size or sensitivity. The larger balls let you spread the force out over the muscle area, and the smaller balls allow you to target only a small part of the muscle and penetrate the tissue more deeply.

POWER SYSTEMS CLOSED CELL FOAM ROLLER
This closed-cell foam roller provides consistent pressure to massage your muscles and improve your posture and alignment. Pilates, yoga, rehabilitation and many other exercises can be enhanced with the addition of foam rollers. Use them to help develop balance, postural alignment, and flexibility or as support for dynamic strength exercises. Ships direct from manufacturer.

A 080200-DS 12" x 6" Roller 1 1/2 lbs .............................................. $12.82
B 080225-DS 18" x 6" Roller 3 lbs .............................................. $19.03
C 080220-DS 36" x 6" Roller 4 lbs .............................................. $22.14

D. POWER SYSTEMS PREMIUM EVA FOAM ROLLER
Power Systems foam rollers have been used for years not only by professional athletes and physical therapists to release tight muscles and trigger points, but by people at all fitness levels to help make their workouts more effective. The high quality of EVA closed-cell polyethylene foam allows for excellent durable support while being soft on the skin. Lower quality foam rollers are likely to lose their shape when exposed to humidity and frequent use. Your Power Systems EVA foam roller is designed for heavy use, and will maintain its shape and firmness far longer. Roller measures 36" x 6" Round. Ships direct from manufacturer.

080260-DS ................................................................. $37.66

POWER SYSTEMS HIGH DENSITY FOAM ROLLERS
This firm, high-density molded foam roller provides a deeper massage during usage. The closed-cell construction lasts up to 5 times longer than open-cell foam rollers. Select round for traditional massage and alignment and half round for balance and stabilization. Made in USA. Ships direct from manufacturer. Additional shipping cost may apply.

E. 080231-DS 36" Half Round .......................................................... $15.93
F. 080232-DS 36" Round ............................................................. $21.10
G. 080237-DS 18" Round ............................................................. $15.93
H. 080233-DS 12" Round ............................................................. $11.79
I. 080234-DS 12" Half Round ......................................................... $8.68

J. POWER SYSTEMS VERSA BALANCE LOG
2 balance options! Use this half-round log with the flat side down for a more stable training surface and the rounded side down for more unstable activities. Durable EVA foam construction provides firm support. Textured surface prevents slipping. Do not stand on while wearing shoes. Blue. Ships direct from manufacturer. 2 lbs

081017-DS ................................................................. $66.64

K. POWER SYSTEMS STUDIO FOAM ROLLER CART
The perfect foam roller storage solution for the small studio or club. Includes casters so cart can be easily moved. Gray steel tubular construction with casters included. Holds up to 12 6" diam. foam rollers. Ships direct from manufacturer.

080186-DS ................................................................. $171.49

L. POWER SYSTEMS ECONOMY FOAM ROLLER WALL RACK
A simple and cost effective way to store your foam rollers. This easy to assemble, easy to mount black rack provides storage capabilities that will keep your gym looking clean and your foam rollers lasting longer. This rack holds up to 6 foam rollers and you can remove unused sections of the rack if less space is needed. Foam rollers are not included. Holds up to 6 foam rollers. Ships direct from manufacturer. 24" W x 47-1/2" H x 9" deep

080241-DS ................................................................. $176.97

Order online: www.FullCirclePadding.com or call us 1-800-875-7780

A. POWER SYSTEMS TRAINING RING
They're not just for gymnasts! One of the hottest pieces of alternative training equipment is the Training Rings. Challenge your fitness level and your body weight training like never before. Perform pull-ups, rows, muscle-ups and other suspended exercises on the independently hanging rings. This unstable environment will call in muscles to assist in almost every exercise. Includes (2) easy-to-grip durable ABS material rings, Ring thickness: 1-1/8”; Ring Diameter: 7-1/8” inside dia., 9-3/8” outside dia.; (2) 1Wx14” straps with 2 heavy duty secure buckles. Ships direct from manufacturer. 4 lbs

B. POWER SYSTEMS PULL-UP HANDLES
Train stabilizer muscles as well as primary muscles with these movable handles. Unlike traditional lat pull-down and chin-up bars, these solid steel handles have a revolving grip. Adjust the spacing between the handles for a wider or more narrow grip. Can be hooked to most rack systems. Silver/Black. Ships direct from manufacturer. 15” L x 6” W. 7 lbs

C. POWER SYSTEMS PRO ABDOMINATOR
Use for toning, trimming and conditioning of the entire abdominal area without lower back strain. The Professional Ab Slings help to stretch muscles and decompress the spine. Slings are 7 1/2” wide with a soft fabric lining and heavy solid steel locking carabiners. 300 lb capacity 4 lbs

D. 7 1/2” PROFESSIONAL AB SLING
Win the battle of the bulge, the Professional Ab Slings. Professional Ab Slings are constructed of heavy duty canvas with a unique design. Slings are 7 1/2” wide. Black. Ships direct from manufacturer. 2 lbs

E. CROSSCORE 180 COMPLETE ROTATIONAL BODY WEIGHT TRAINING SYSTEM
CrossCore180® Rotational Body Weight Training System™ adds rotation to any body weight training routine and allows sports specific movements and programs to be designed by coaches for their athletes. CrossCore180® is the perfect training tool for coaches, athletes, group training and rehabilitation. Challenge yourself. PULL THE PIN! Locked-N-Loaded deactivates the pulley rotation and stabilizes the handles for exercising without the pulley. PULL THE PIN and the CrossCore180® turns any workout into a rotational, multi-planar body assault.

System includes: (1) CrossCore180® complete Rotational Bodyweight Training System™ (includes training manual and training DVD) (1) Door anchor (1) Heavy Duty canvas carrying bag

CrossCore® Heavy-Duty Specs: Commercial “Heavy-Duty” Construction, Climbing rope rated to hold up to 1,200 lbs., Heavy-Duty climbing carabiners are rated to hold up to 5,000 lbs., Adjustable cam buckle strap is rated to hold up to 1,800 lbs., Handle webbing is rated to hold up to 2,100 lbs., Pulley wheel includes high quality sealed bearings for long lasting smooth rotation, Fully powder coated pulley housing. Ships direct from manufacturer. 6 lbs

F. CROSSCORE NYLON KETTLEBELL/RING STRAP WITH STEEL D-RING
Can be used to attach a Kettlebell or dumbbell on one side of your CrossCore180® for exercise routines using a counterweight or be used for connecting gymnastics rings in place of handles. Includes one pair of Kettlebell/Ring straps only. Limited One Year Warranty. Ships direct from manufacturer. 1 lb

G. CROSSCORE CEILING / WALL ANCHOR
Great for creating an anchor point from a ceiling beam or wall beam when nothing else is available. Base is made from 3/4” steel plate and measures 4” x 5.5”. Includes four bolt holes for better versatility when mounting and (2) 3/8” x 3.5” lag screws and (2 washers). Use for wood only. Always read the included Ceiling/Wall Anchor instructions BEFORE using. Professional installation recommended. Ships direct from manufacturer.

H. CROSSCORE GYMNASTICS RINGS WITH STRAPS AND STEEL D-RING
Gymnastics rings can be used to add rotation to classic ring exercises such as dips, presses and muscle-ups. Rings attach easily to your CrossCore180® via the Ring Straps. Heavy duty plastic rings have a break strength of 4,500 lbs. per ring. Diameter is 8” which is the same diameter as gymnastics regulation rings. Includes one pair of Gymnastics Rings with straps. Limited One Year Warranty. Ships direct from manufacturer. 4 lb

A. POWER SYSTEMS BAR FLOAT

This 25” Bar Float features triple floats at each end. Provides stable, secure buoyancy for added support and resistance. Not adjustable. Blue. 25”. Ships direct from manufacturer.

086590-DS .......................................................... $37.66

B. POWER SYSTEMS WATER DUMBBELLS

Designed like traditional dumbbells, the aquatic version has one, two and three round floats on each end, depending on the resistance level. Hand grips are cushioned for comfort. Unlike traditional free weights, water dumbbells are light and portable when out of the water. Made of EVA foam for durability, they are UV, bacterial and water resistant for hygiene and incredibly fast drying. Sold in pairs. Blue.

086550-DS Light (pair) ...................... $30.00
086560-DS Medium (pair) .............. $32.49
086570-DS Heavy (pair) ............... $35.59

C. 4” x 6” PULL BUOY

The 4” x 6” Pull Buoy is ideal for all types of swim training and water exercises. The two floats are adjustable.

0K0305 ................................................................. $ 9.38

PULL BUOY

Focus on your upper body and change up your lap routine! Pull Buoy is a swim training aid. When isolating the upper body as part of a water exercise routine or as equipment for a swimming workout, Pull Buoy is placed between the legs to provide flotation, without kicking. The two floats are woven together by a yellow, sturdy, adjustable strap that allows the user to adjust the distance between the two floats. Each Pull Buoy is constructed of closed-cell polyethylene foam that is latex-free, and does not absorb moisture.

C. PULLBUOY4X6CASE16-DS 4” x 6”, case of 16 ........................................ $108.37
D. PULLBUOY4X7CASE16-DS 4” x 7”, case of 16 ........................................ $114.19
E. PULLBUOY4X8CASE12-DS 4” x 8”, case of 12 ........................................ $  90.87

D. PULLBUOY4X7CASE16-DS 4” x 7”, case of 16 ........................................ $114.19
E. PULLBUOY4X8CASE12-DS 4” x 8”, case of 12 ........................................ $  90.87

G. HAND BUOY

Comfort straps keep these weights on your hands without extra effort on your part. Perfect for persons with arthritis, carpal tunnel, or TOS. These specially-designed hand buoys are easily gripped due to the comfort straps that keep the buoy from floating away. Perfect for arthritic hands or persons with carpal tunnel. White polyethylene foam logs are equipped with a 1 inch wide adjustable strap to comfortably keep the buoy on your hands. One size fits all - perfectly!

HANDBUOY3X12CS15-DS Case with 15 pair ................................. $116.25

H. KICK BAR

Kick bars are excellent tools to add to your aquatic routine. By holding the handles, the flotation discs in the middle provide a pivot point, allowing you to work your back and abdominal muscles while kicking or floating. Bar Length is 31” Diameter of float 6”

KICKBARCASE12-DS Case of 12 .................................................. $176.40

I. WATER LOG

Water logs have a 3” diameter Provides deep water buoyancy and shallow water stability. Water Logs are available in quantities smaller than 12.

WATERLOG60X3CS12-DS Case of 12 .................................................. $81.93

Order online: www.FullCirclePadding.com or call us 1-800-875-7780
A. REEBOK PROFESSIONAL AEROBIC STEP

Introduced to health clubs over 25 years ago, the timeless aerobic Reebok step remains an integral and immensely popular piece of equipment in the group fitness exercise arena today. This is your platform to perform a large range of basic and more complex exercises from cardiovascular and plyometric training to lower body muscle toning; its versatility is ideal for mixing up any workout program. Sturdy and durable for every lunge and jump, the Reebok step’s non-slip rubber surface means you can focus on your form and positioning, plus it can be height adjusted in three increments (6, 8 or 10 in) for added intensity. The workout surface of 39 x 15 in is large enough for fitness activities, but at the same time the step is compact and easy to store away at home when your workout is complete - convenient and completely hassle free. Fitness trends will change, but the Reebok step is the trusted workout accessory that stands the test of time.

ORESTEP-DS .......................................................... $124.83

THE STEP®

The Original Club Step is made from stable polyethylene for durability and long life. It has a non-slip, shock absorbing ribbed platform top for safety and non-skid rubber disks on the risers for traction and stability. Ships direct from manufacturer. 21 lbs.

A. RUBBER FLOOR MATS

Supersport mats are the best protection available for sports floors and equipment. Made from 100% recycled rubber with a non-skid finish. We do not recommend the mats be glued to the floor, but they can be secured with the mat tape sold below.

Available in black 4' x 6' sections. The edges are perfectly squared so there is no space between mats. Mats ship direct from manufacturer.

**3/8" THICK - 55 LBS EACH**
- 1 - 10 mats: $66.40
- 11 - 29 mats: $59.76
- 30 or more mats: $56.44

**1/2" THICK - 75 LBS EACH**
- 1 - 10 mats: $78.64
- 11 - 29 mats: $70.78
- 30 or more mats: $66.84

**3/4" THICK - 105 LBS EACH**
- 1 - 10 mats: $86.09
- 11 - 29 mats: $77.78
- 30 or more mats: $73.18

OVER 10 MATS CALL FOR QUANTITY DISCOUNT

To figure out how many mats are needed:
Length x width divided by 24 = number of mats needed

Speckled Rubber Mats & 95% Color Mats are available please call for pricing.

D. ROLLED FLOORING

This flooring is durable, versatile slip resistant and easy to install. Rubber is 4" wide and available in thicknesses of 1/8", 1/4", 5/16", 3/8" and 1/2". Standard colors include black, blue, gray, terra cotta, eggshell & green fleck. Also in a combination of blue and gray fleck. Ships direct from manufacturer.

SHIELDS YOUR FLOOR
Floor mats shield your floor from damage while also protecting your expensive workout equipment.

EXTEND THE LIFE OF EQUIPMENT
Mats also extend the life of your equipment by preventing floor debris, carpet fibers and dust from infiltrating equipment and reduces static which can damage belts, motors, electronics and mechanical parts.

REDUCES EQUIPMENT VIBRATION
Greatly reduces equipment vibration and static electricity.

RESILIENT MATERIAL
Resilient mat material will not be permanently pressed by even the heaviest equipment. When equipment is removed the mat returns naturally to its original thickness.

PERFECT IN ANY AREA
Perfect for weight rooms and exercise areas!

Order online: www.FullCirclePadding.com or call us 1-800-875-7780
A. POWER SYSTEMS PREMIUM CLUB MAT

Perfect protection for fence tops and rails. All pads are constructed of heavy duty 18 oz vinyl and poly foam.
A. WALL MATS

Wall padding will absorb a great deal of impact. Our wall padding is made using 1/2” thick plywood backing, 2” high density urethane foam and is permanently covered with tough 18 oz coated vinyl. A 1” lip is left at top and bottom of pad for attachment to the wall. Can be bolted directly to the wall or by using aluminum channeling. 5, 6, 7 foot mats are available, call for prices. Ships direct from manufacturer. Please call for instructions on how to measure.

Available Colors: Black, Charcoal, Grey, White, Tan, Brown, Burgundy, Red, Orange, Yellow, Green, Royal Blue, Light Blue, Kelly, Lime, Pink, Dark Purple, Navy

A. CLASS A FIRE RATED WALL PADDING

Class A pads are constructed of 7/16” OSB Board, with 2” highly flame resistant polymerized open cell foam and covered with 16oz FR rated vinyl. Pads have a 1” lip top and bottom for attachment to the wall. (hardware is not included) Can be bolted directly to the wall or by using aluminum channeling sold below. FR Wall padding panels comply with the standards set forth by ASTM E84. This class “A” rated product meets NFPA 255, UL 723, ANSI 2.5 and UBC 8-1 (42-1).

B. ALUMINUM CHANNELING

Aluminum channeling is the fastest and easiest method for attaching wall padding to your walls. Channel has a locking top which will keep the padding secure and cover any bolts or the top of the pad. Removal is simple and allows easy replacement of damaged padding. Available in 6 foot sections only.

10870000 | $44.80

“L” CHANNEL ONLY (NOT PICTURED)

For use on bottom lip of wall pads. Secure channel to the wall then slide the pads into the channel. Top of pads can be screwed directly to the wall. Sold by the linear foot.

10870-L | $4.25 per ft

“Z” CHANNEL MOUNTED TO PAD (NOT PICTURED)

Recommended for wall pads 7’ high and over. Channel is screwed on the back of the pad to the middle. An additional Z is provided to attach to the wall. This helps to support the middle of the pad and prevent sagging. Sold by the linear foot.

10870-Z6 | $3.65 per ft

Digital graphics utilizes a 6 color process, using special durable inks that produce extreme and intense life size outdoor quality images. The vinyl is then protected with a liquid lamination process to provide added durability and prevent fading. The lamination process does change the appearance of the mats giving them a glossy finish.

All you need to send us is a clean copy of your logo or a digital photo. If you would like assistance with your logo please let us know. All images will be sent to you for final approval prior to printing the product.

Order online: www.FullCirclePadding.com or call us 1-800-875-7780
**BELTING, CORD, GRIP TAPE**

**A. 15/16" KEVLAR BELTING**
Standard belting used in the fitness industry. Fits on the following equipment: Cybex, VR2, B Master, Nautilus, Magnum, Flex and others. Sold by the foot or by the 100 foot roll.

- BM500B 15/16" Kevlar belting by the foot ........................................ $ 4.08
- BM500BROLL 100 ft roll 15/16" Kevlar Belting ........................................ $ 303.27

**B. 15/16" POLYAMIDE BELTING**
More rigid than the kevlar belting, used in high use areas. Fits the same equipment as kevlar belting. Use on lat pulldowns, low rows and leg presses. Sold by the foot or the 100 foot roll.

- BM500A 5/16" polyamide belting .......................................................... $ 9.05
- BM500AROLL 100 ft roll 15/16" Polyamide Belting ................................ $ 797.77

**3/4" KEVLAR BELTING (not pictured)**
Standard belting used in the fitness industry. Fits Pacific, Stairmaster and others. Sold by the 100 foot roll only.

- BM500CROLL .......................................................... $ 263.50

**C. 5MM BLACK TITAN CORD**
Used on some Body Masters, Magnum and Atlantis equipment. Tensile Strength: 3100 lbs. Sold per foot. This item is not returnable. 1 lb

- BM590 .......................................................... $2.97

**D. ANTI SLIP GRIP TAPE**
This is a high quality anti-slip tape. It has a self adhesive backing making it a great choice for foot platforms on your fitness equipment or any where you might need a anti-slip tape (Floor or indoor ramp ect.)

- 2" TAPE
  - FWT2CASE Sold by the case only(6 - 60' rolls) 10 lbs ............................... $227.55

- 4" TAPE
  - FWT4 By the foot, 1/4 lb ......................................................... $ 2.10
  - FWT4ROLL 60' Roll, 4 lbs ......................................................... $ 85.97
  - FWT4ROLLE Economy tape, 60' roll ........................................……. $ 56.70

- 6" TAPE
  - FWT6 By the foot, 1/4 lb ......................................................... $ 3.15
  - FWT6ROLL 60' Roll, 4 lbs ......................................................... $117.57
  - FWT6ROLLE Economy tape, 60' roll ........................................……. $ 85.05

- 12" TAPE
  - FWT12 By the foot, 1/4 lb ......................................................... $ 6.33
  - FWT12ROLL By the roll, 4 lbs .................................................... $227.55
  - FWT12ROLLE Economy tape 60' roll ........................................……. $150.09

**E. 3M SAFETY WALK RUBBER GRIP TAPE**
For barefoot or shoe-traffic areas. Non-mineral, medium-textured, slip resistant vinyl surface. Resilient surface and durable adhesive provide long-lasting performance. Applications include locker rooms, around hot tubs and pools, boats, personal watercraft, water skis, exercise equipment, and conveyers.

- 2" RUBBER TAPE
  - FWTR3M02 By the foot ................................................................. $2.61
  - FWTR3M02ROLL By the 60' Roll ..................................................... $ 83.33

- 4" RUBBER TAPE
  - FWTR3M04 By the foot ................................................................. $ 4.35
  - FWTR3M04ROLL By the 60' Roll ..................................................... $156.23

- 6" RUBBER TAPE
  - FWTR3M06 By the foot ................................................................. $ 6.50
  - FWTR3M06ROLL By the 60' Roll ..................................................... $226.24

- 12" RUBBER TAPE
  - FWTR3M12 By the foot ................................................................. $12.50
  - FWTR3M12ROLL By the 60' Roll ..................................................... $420.13

**TIP**
To determine which kind of belting you need look at the end of the belt.
- If you see round “fibers” running through it and horizontal lines is the Kevlar Belting. (BM500B)
- If the belt is rigid, and looks like three flat pieces sandwiched together it is the polymide belting. (BM500A)
- Measure the width.

Order online: www.FullCirclePadding.com or call us 1-800-875-7780
HOW TO MEASURE FOR PROTECTIVE GUARDS

L-SHAPED
Height + Width x Length = total square inches

FLAT
Width x Length = total square inches

U-SHAPED
Height + Width + Height x Length = total square inches

There is a minimum charge of $4.50 per piece for protective guards.

PROTECTIVE GUARDS

Use for frame and plate protection, replaces grip tape. Includes double sided tape. Self taping screws available upon request. Any custom size is available.

A. 3/16" THICK TEXTURED BAR & PLATE GUARD
Use to protect your frame from chips and scratches caused by plates, bars and cable attachments. Textured finish. Measurements needed: Width x Length = total square inches
FWFABS Sold per square inch ...........................................$0.10

B. L-SHAPED GUARDS
3/16" thick. Measurements needed:
Height + Width x Length = total square inches
FWLABS Sold per square inch ..........................................$0.15

C. U-SHAPED GUARDS
3/16" thick ABS custom formed to your equipment. Easy application. Sold by the square inch. Black only. Measurements needed:
Height + Width + Height x Length = total square inches
FWUABS Sold per square inch ..........................................$0.15

ROUND PROTECTIVE GUARDS

Most commonly used for barbell and plate racks. Any custom size is available.

D. 1" ROUND PLASTIC GUARD
Use as peg guards on barbell racks or as heavy duty bar holder guards. Rigid plastic will not bend.
FWR1ABS Sold by the inch .............................................$0.50

E. 3/4" ROUND PLASTIC GUARD
Use as peg guards on barbell racks or as heavy duty bar holder guards. Rigid plastic will not bend.
FWR75ABS Sold by the inch ............................................$0.45

F. 3/8" ROUND PVC TUBE
Use for bar holder guards or where a bendable guard is needed.
FWR38PVC Sold by the inch ............................................$0.50

G. 1/2" ROUND PVC TUBE
Use for bar holder guards or where a bendable guard is needed.
FWR5PVC Sold by the inch .............................................$0.77

Order online: www.FullCirclePadding.com or call us 1-800-875-7780
To determine the size grip you need:
- Measure the length and diameter of the bar / shaft
- Is it an open end or closed end.
- For grip installation use a small amount of hairspray. It’s slippery when wet. Sticks when dry.
- Any of our grips can be cut down to the exact size you need.

Diameter is a straight line passing through the center of the bar / shaft.

Replace your sticky rubber grips with our non-porous PVC grips!

Go to www.FullCirclePadding.com for our expanded selection of grips

Order online: www.FullCirclePadding.com or call us 1-800-875-7780
Ordering custom cables is now easier than ever! Head over to the computer or grab your phone, IPad or tablet, the cable you need replaced, go to the all new FullCirclePadding.com and click on Cable Builder. Then follow the simple steps shown below to place your order. If you have any questions please call us at 1-800-875-7780.

**CHOOSE YOUR CABLE SIZE.**
Is your cable 1/4" cable or 3/16" cable?

**CHOOSE YOUR ENDS**
As you choose your cable ends the picture on the left changes to show the measurement needed. Measure your cable carefully and measure twice just to be sure it is correct.

**ENTER CABLE INFORMATION**
Name your cable for easy identification.

**QUANTITY & ADD TO CART**
Enter the quantity of that cable that you need and add to cart.

Custom cut cables are non-returnable. Due to the magnitude of replacement cables and manufacturers’ we work with every cable is made to order. Full Circle Padding, Inc. is not responsible for incorrectly ordered cable. Manufacturers may have several lines of equipment with different cables. If additional assistance is needed, please contact us directly at: 1-800-875-7780

Order online: www.FullCirclePadding.com or call us 1-800-875-7780

Order online: www.FullCirclePadding.com or call us 1-800-875-7780
Replacement padding is our specialty. 
We use only the best commercial quality materials to make your pads.

Plywood Bases
3/4” 7-ply Arauco plywood with beveled edges makes our pads durable and safe.

Densified Foam
As with our vinyl we also use only top quality bonded polyurethane foam. It meets or exceeds original manufacturers standards. It is available in a variety of thicknesses to fit your needs. Sold by the square foot, pricing is available upon request.

Vinyl
We use the same vinyl that most of the top manufacturers use including Boltaflex Colorguard, Boltaflex Grand Sierra and Naugahyde US Spirit Millennium. The vinyl is heavy-duty vinyl that has outstanding stain resistance and cleanability. It is available to purchase by the yard or roll. Pricing is available on our website FullCirclePadding.com.

Supplying manufacturers, clubs and the “Do It Yourselfer”

On-Site Upholstery (available throughout New England, New York City, Long Island and Northern New Jersey.)
This is our specialty. We will come to your club and conduct an evaluation. Upon approval, our crew will come back to your facility with half the work done (pads pre sewn, foam etc.) and complete the work in just a few hours.

Complete Pads
Thousands of pad patterns in stock for all major manufactures for shipping.

Sewn Up
Another option is sewn up covers for you to reupholster your own pads. We will send you the vinyl sewn and ready to be put onto your existing foam and plywood using your measurements.

Wear Covers
Where ever possible we put removable wear covers on heavily used pads. Once the cover wears out all you need to replace is the cover. Wear covers cost a fraction of what a complete pad would cost and it extends the life of your pads.

Embroidered Covers
Custom embroidered covers are available. Cost is approximately $25.00 more per cover depending on logo. There is an additional charge to digitize the logo.

Edge Guards
We offer Nylon Edge Guards on many of the pads we manufacturer for free-weight benches and other pads that have a high risk of being damaged by dumbbells or other means. Please call for more information or look for specific benches or machines on our website FullCirclePadding.com

Order online: www.FullCirclePadding.com or call us 1-800-875-7780
Pricing for many manufacturers available online
Order online, by phone or fax.
If you don’t see your equipment listed please call for prices.

Replacement pads from the manufacturers listed below are available for purchase online. If you do not see your machine online please call us with the information and we will let you know if we will need the measurements.

Because there are so many different companies out there making fitness equipment it is very difficult to keep up with and maintain pad information on all of them. In addition to that, some manufacturers have done pads differently on the same equipment, so we may need you to measure pads when ordering. There are easy to follow instructions in the catalog for you to use. Just remember that accurate measurements are very important, so please measure carefully.

All pads are non-returnable. Due to the magnitude of replacement pads, colors and manufacturers we work with every pad is made to order. Full Circle Padding, Inc. is not responsible for incorrectly ordered colors or pads. The color charts online are not exactly the same shade as they appear on your screen. If you are not sure of the color please call our customer service department for assistance.

**HOW TO ORDER REPLACEMENT PADS**

You need to have the following information available when ordering by phone, fax or online. You can also use the pad order form on page 67.

- **Manufacturer’s name.**
- **Which line of equipment from that manufacturer you have.**
- **The model number.**
  Each manufacturer puts the model number in a different place. If you do not have the model number please use our website to find the correct machine.
- **The type of machine.**
- **Which Pad is needed.**
  Head, back, seat, chest, shoulder, elbow, arm, thigh, shin, ankle ect.
- **What is needed, complete pad or wear cover only.**
- **The color name and number.**
  This is very important. We need this number for EVERY pad order that you place. If you do not have the name and number we may need you to cut a 1” clean sample from the bottom side of the pad and send it to us. We will let you know the color name and number so that you have it the next time you order.
- **Any order over 4 pads should be emailed or faxed.**

Order online: www.FullCirclePadding.com or call us 1-800-875-7780
HOW TO MEASURE:
REMOVE PAD FROM MACHINE FOR ACCURATE HOLE PLACEMENT.

- Once pad is removed identify top (head end) of plywood.
- All measurements are in inches

A. Actual length of wood
B. Width of wood at (head end)
C. 2nd width of wood if different than B.
D. Distance from edge to center of first hole (hole 1)
E. Distance from adjacent edge to center of first hole.
F. Distance between holes (center to center)
G. Distance between holes (center to center)
H. Distance between holes (center to center)
J. Distance between holes (center to center)
K. Foam size is 3/4", 1", 1 1/4", 1 1/2" and 2". Do not include board thickness in your measurement. Standard plywood is 3/4"
L. Specify bolt diameter. 1/4", 5/16", 3/8"

Remove roller from the machine to get an accurate length.
1. Length of roller - measure inner length.
2. Diameter of shaft roller rides on.
3. Outside diameter of roller.
Please measure and put dimensions on pad order sheet.
Using the instructions on the previous page, please measure the pad for which you need a replacement and draw a diagram with the measurements in the space provided. Please call with any questions: 1-800-875-7780 or email: brian@fullcirclepadding.com Fax your completed diagrams to 508-285-2502.

☐ Commercial ☐ Residential Address / School Address

Most orders will ship by truck with a tailgate delivery. The truck driver is only responsible for moving the pads to the end of the trailer. You will be responsible for removing the pads from the truck, checking them over for damage and bringing them inside. You must check carefully for damage and note it on the bill of lading before the driver leaves. Any damage reported after the driver leaves will not be covered.

Information needed for square or rectangle post is listed below. Fill in measurements of post on diagram. If you require pricing on more than one post please measure each post. When measuring, measure carefully and double check your measurements. **Pads are made to order and are not returnable.**

![Diagram of a post with measurements](image)

Measurements needed are from your post not from your existing post padding.

**POST**
(top view)

Quantity: Closure Type ☐ Velcro ☐ Grommets

Height of Pad: 6’ High is the most common. Any custom size can be made.

Foam Thickness: 4” Polyurethane foam is standard, 2” polyurethane foam is also available.

Email Address:                   Email Address:

With some basic information we can give you an estimate for the padding including shipping. We need the following information:

1. The length of each wall to be covered:
   ____________________________  ____________________________
   ____________________________  ____________________________
   ____________________________  ____________________________

2. The height of the wall pads. Standard sizes are 5, 6, and 7' high but any custom size can be made
   ____________________________

3. How many cutouts are needed for outlets, switches vents? All cutouts are done at the factory.
   ____________________________

4. Do you want digital graphics? If yes how many 2' wide pads would you like graphics on?
   ____________________________

5. Do you need any round or square post pads, or I beam pads needed? Measurements are required for these, please use the appropriate how to measure page.
   ____________________________

6. Are there any corner pads that are needed? We need the inside measurement of each side of the corner.
   ____________________________

7. Do you need Class A Fire Rated wall padding? Please check with your local fire officials to see if it is required.
   ____________________________

Installation is available throughout New England, New York City, Northern New Jersey and Long Island. Do you need installation?
   ____________________________

-Wall padding is manufactured and shipped directly to you by truck. Allow approximately 4 - 6 weeks for delivery from the time of final approval. This may change during peak times. At time of delivery someone must be available to meet the truck, remove the mats and bring them inside. The truck driver is not obligated to help. The truck driver is only responsible for moving the pads to the end of the trailer. You will be responsible for removing the pads from the truck, checking them over for damage and bringing them inside. You must check carefully for damage and note it on the bill of lading before the driver leaves. Any damage reported after the driver leaves will not be covered.

-Pads being installed by Full Circle will be shipped to our warehouse and delivered by us at the time of installation.

-Once the quote has been approved we will need exact measurements of each wall to be covered, drawings of all post pads and exact locations for cutouts. Instructions on how to measure will be provided.

-If Full Circle is installing the padding a representative will come to the facility to do the actual measurements. Measuring charges may apply. (Installation only available in New England, New York City, and northern New Jersey.

-Quote may vary once final measurements are complete.
We are committed to 100% customer satisfaction and want to make ordering as easy as possible. There are four ways of ordering, by phone, by fax, online or email.

**ONLINE**
We accept online orders 7 days a week 24 hours a day. We use industry standard SSL technology to protect your privacy and credit card information while your order is in transit. For customers who choose to register when they checkout we offer the convenience of Order Tracking. Simply login to your account, click Order Tracking and select the order, which you are inquiring about to find out if your order has been shipped and to obtain the UPS tracking number.

**PHONE**
Please call us at 1-800-875-7780 Monday through Friday 8am to 4pm if you would like to place an order by phone or if you have any questions.

**FAX**
You can also fax orders to us at (508) 285-2502 7 days a week 24 hours a day.

**EMAIL**
Orders can be emailed to customerservice@fullcirclepadding.com.

---

**PAYMENT**

**Credit Cards**
We accept Visa, MasterCard and American Express. When using credit cards, we require the following information:
- Account number
- Cardholder’s name
- Billing address
- V code
- Expiration date

Orders with incomplete credit card information cannot be processed and your order will be delayed. Orders with declined bank authorization will not be processed. If a card is declined your order will not ship, we will contact you to check the card information or to get new card information. For these reasons, and to ensure your protection, all credit card orders must include your name, address, telephone number and valid email address.

**COD**
COD shipping is available when ordering by phone. When your order is ready to ship, you will be contacted with a COD total including shipping and UPS COD charge. If we have to leave a message for you with the total please call to confirm, we cannot ship out your order without verbal confirmation.

**Net 30 or Net 30 with PO #**
Customers who have filled out a credit application and have been approved by Full Circle will be set up on terms. Terms are Net 30. If a purchase order is required by your accounts payable department we must be given that number at the time the order is placed. We reserve the right not to ship any order if an account is past due, or revoke credit terms if bills are consistently not paid within terms.

---

**SHIPPING**

We offer three convenient UPS shipping methods for you to choose from. Shipping times listed are days in transit only and do not include order processing time.

- UPS Ground (5-7 business days)
- UPS Second Day Air
- UPS Next Day Air

- Next Day Air and Second Day orders for in stock parts and accessories placed after 12:00 pm EST will ship the next business day.
- All in stock parts and accessory orders will ship within 1-2 business days. Most cable orders placed by 12:00 pm EST will ship within 24 hours.
- Pad orders generally ship in 7 - 10 business days, but may vary depending on order volume. Larger orders may take longer. Feel free to call or email to inquire about your projected ship date once your pad order is placed.
- All products purchased through our online catalog, weighing more then 40 Lbs. such as olympic bars, will be shipped separately. All products weighing 40 lbs. will be shipped in multiple boxes, each box in the shipment weighing 70 Lbs or less.

**RUSH ORDERS**
We make will make every effort to accommodate requests for rush orders. Please call us at 1-800-875-7780 for more information. Rush charges may apply.

**INTERNATIONAL ORDERS (outside the USA)**
At this time international orders can only be placed by phone, fax or email.

All international (outside the USA) customers are subject to applicable sales tax, duty and customs charges determined by your local government. Full Circle Padding has partnered with Global-e Smart Cross Boarders to calculate these additional charges so you know the complete shipping charges prior to purchase.

Order online: www.FullCirclePadding.com or call us 1-800-875-7780
DROP SHIPS

Items that ship direct from the manufacturer will be marked with as drop ship or will say in the description that it ships direct from the manufacturer. Some items will ship via UPS or Fed Ex and large orders, heavy weighted orders or oversized items will ship by truck. You will be notified if an order is shipping by truck. If a call ahead to arrange delivery or a liftgate delivery to lower the product to the ground is needed Full Circle should be notified at the time order is placed. Additional charges will apply.

Orders shipped as a tailgate delivery are moved to the end of the truck by the driver then it is the customers responsibility to take the product(s) from the truck and bring them inside. The truck driver is not required to assist you in getting the items off of the truck.

When unloading the products you should check over the packaging to be sure that there is no damage that may have been caused in shipping. Be sure to check all sides of packaging. If there is damage it MUST be noted on the bill of lading before you sign for the delivery. Full Circle Padding should be notified of damage so that replacement product(s) can be sent if needed. Damage reported after the driver leaves will not be covered.

If you require a liftgate delivery we must be notified at the time of ordering or approval of your quote. Additional shipping charges will apply. Liftgates are not available for every delivery. A liftgate will lower your product(s) to the ground and you are responsible for moving them into the facility. Be sure to check them over for damage as described above.

if you require a call ahead for delivery to arrange a specific delivery time window we must be notified at the time of ordering or approval of the quote. Provide us with a phone number that is the best way to contact you about the delivery. The trucking company will call you to arrange the delivery. Additional charges will apply.

RETURN POLICY

PADS
All pads are non returnable. Due to the magnitude of replacement pads, and the variety of colors and manufactures' we work with every pad is made to order. Full Circle Padding, Inc. is not responsible for incorrectly ordered colors or pads. The color charts online are not exactly the same shade as they appear on your screen. Manufacturers may have several lines of equipment with different pads on similar machines. If you are not sure of the color, specific pad or if additional assistance is needed contact us directly at 1-800-875-7780

CABLES
Cables and pulleys are not returnable. Due to the magnitude of different manufacturers and replacement cables we work with each cable is made to order. Full Circle Padding, Inc. is not responsible for incorrectly ordered cables. Manufacturers may have several lines of equipment that may look similar but have different cables. If additional assistance is needed, please contact us directly at 1-800-876-7780.

STRETCH MATS
All stretch mats are made to order and are not returnable. Free samples are available for product inspection and color choice upon request. Returns for all other products must be completed within 30 days of the original sale date. Up to a 40% restocking fee may apply. Please contact us for exact charge depending on the product.

All shipments must be inspected and checked for damage or shortages at the time of delivery. Any discrepancies must be noted on the bill of lading or delivery receipt before signing for it. The box and all packaging must be kept for UPS or Carrier inspection. Full Circle Padding is not responsible for damage or loss in transit. Please notify our customer service department of any shortages or damages upon receipt of your order.

Warranty information for individual items can be furnished upon request.

All returns must be pre-approved by customer service. Return Authorization #’s must be obtained and shipped with each package for return. Upon receipt and inspection of the product, any credits will be applied if applicable. Restocking fees may apply.

All shipping expenses are the responsibility of the customer unless customer service determines otherwise and depending on the circumstances of the return.

Full Circle customer service can be contacted at:
1-800-875-7780
customerservice@fullcirclepadding.com

Customer service hours are Monday - Friday 8:00 am - 4:00pm.

Full Circle Padding, Inc.
253 Mansfield Ave
Norton, MA 02766

Order online: www.FullCirclePadding.com or call us 1-800-875-7780
**On-site Evaluations**

One of our experienced representatives will come to your facility to do a thorough evaluation of your pads, cables, grips, and grip tape.

**Professional On-site Upholstery Installation**
