- First, identify the style of pad that you need, then reference the diagram to provide the measurements of the beam. Measure carefully and always double-check your results. **Pads are made to order and are not returnable.**
- Vinyl color charts are included in this PDF.
- If you require pricing on more than one post, please measure each post.
- Email your completed form to Colin@fullcirclepadding.com

BEAM 1

If your I beam is sticking out of a wall, you need an I beam pad.

Measurements needed are from your post, not from your existing post padding.

BEAM 2

If you need to cover all four sides of an I beam, you need a square post pad.

Measurements needed are from your post, not from your existing post padding.

Most orders will ship by truck with a tailgate delivery. The truck driver is only responsible for moving the pads to the end of the trailer. You will be responsible for removing the pads from the truck, checking them over for damage and bringing them inside. You must check carefully for damage and note it on the bill of lading before the driver leaves. Any damage reported after the driver leaves will not be covered.
