

Wipe-A-Way™ Facility Wipes

**Fight odor,
sweat and grime...
in no time!**

Wipe-A-Way

Wipe-A-Way Facility Wipes are the perfect way to keep public areas fresh, clean and odor-free. These pre-moistened, lightly scented wipes instantly clean and deodorize on contact, for quick clean-ups, wherever you need them. These wipes are the perfect way to fight germs, sweat, odor, spills, dirt and grime. And they're safe for any surface.

Wipe-A-Way Facility Wipes are perfect for all public facilities, including:

- Gyms & Athletic Clubs
- Grocery Stores
- Schools
- Restaurants
- Day Care Centers
- Public Buildings
- Hospitals
- Institutional Settings

- *Pre-moistened facility wipes that are ideal for gyms & athletic clubs*
- *Cleans & deodorizes all surfaces*
- *Each case contains 2 rolls of 800 center-pull towels*
- *Each 8" x 10" towel wipe is scented with a Rainforest fragrance*
- *For use with the Wipe-a-Way Facility Wipe Dispenser and Stainless Steel Floor Wipe Stand*

Wipe-A-Way™ Facility Wipe Dispensers

FACILITY CENTER PULL DISPENSER

Features:

- Transparent cover shows when to refill at a glance
- Hinged, side-loading cover swings open for easy refilling
- Durable shatter-resistant material
- Vandal-proof lock
- Designed for touch-free dispensing (no cranks or levers)
- Adjustable mount dispenses wipes up or down
- Easily mounts to any surface (mounting hardware included)

STAINLESS STEEL FLOOR STAND DISPENSER

Features:

- Help keep your fitness center clean and minimize the spread of germs
- Attractive and durable stand for dispensing wipes that features a center-pull wipe dispenser on top, making it easy to grab wipes with just one hand
- Utilized wipes can be easily discarded into the receptacle through the fixed hole in the front of the stand
- While space-efficient with a sleek cylindrical design, this stainless steel stand will blend in seamlessly with the fitness facility
- Designed to dispense the Wipe-a-Way Anti-Bacterial Wipes

Clean and Deodorize with Wipe-A-Way Facility Wipes™

The CDC (Centers for Disease Control and Prevention) recommends the use of alcohol-based wipes to help control the spread of germs.
