*Most orders will ship by truck with a tailgate delivery. The truck driver is only responsible for moving the pads to the end of the trailer. You will be responsible for removing the pads from the truck, checking them over for damage and bringing them inside. You must check carefully for damage and note it on the bill of lading before the driver leaves. Any damage reported after the driver leaves will not be covered.*

Information needed for round post pads is listed below Fill in measurements of post on diagram. If you require pricing on more than one post please measure each post. When measuring, measure carefully and double check your measurements. **Pads are made to order and are not returnable.**

Measurements needed are from your post not from your existing post padding.

To measure the circumference wrap a piece of string around the post and measure the string.

Quantity: \_\_\_\_\_ Closure Type  Velcro  Grommets

Height of Pad: \_\_\_\_\_ 6' High is the most common. Any custom size can be made.

Circumference of Post: \_\_\_\_\_

Round post pads are only available with 4" polyurethane foam.
